Overview of Counseling

Review of Course Selection Resources on website!

http://www.mshscounselors.com/course_selection/index.html

Upcoming Dates:

- Monday, January 23rd by 8am - Courses entered into Skyward by students
- February 1st, 2nd, 3rd: Counselors return to MSJH for brief, individual meetings out of Math classes

Earning Credits

Must pass a class to earn the credit (Minimum grade of D- or higher)

Each academic class is worth .5 credits/semester

For example, If you pass both semesters of English 1 you will earn 1 credit (.5 from 1st sem, .5 from 2nd sem)

PE worth .25 credits/semester

Need to always be enrolled in at least 5 classes...although, recommended to be in no more than 1 study hall

How to be successful @ MSHS

1. Stay current with classwork/homework
2. Study for assessments
3. Be present
4. Get involved
5. Ask questions and ask for help when needed

Extra Supports: Before/After school, Homework Club

Graduation Requirement Continued

Earn 20+ Credits and pass required classes

Participate in required state testing (SAT)

Complete the FAFSA or the FAFSA non-participation during senior year

Different types of courses

Regular classes - Generally, these are considered college/career preparatory classes

Honors classes - Generally move at a quicker pace, maybe go into more depth. Higher rigor. Students receive weighted GPA points if score C- or better. Sometimes lead towards AP courses later on.

AP Classes - College-level classes that are taught in the building. Most take the AP Exam in May to potentially earn college credit. Students receive weighted GPA points for grade of C- or better. This program goes through the College Board (same company who does the SAT). AP Scores range from 1-5.

Dual Credit - Earn both high school and college credit. Some classes in the building with our teachers while others take place at Parkland (E.G. ECCA). Some students also take Dual Enrollment which earns the Parkland credit but NOT the high school credit. *** ***Dual Credit courses generally do have a fee.***

Co-Taught and Individualized Classes

New Acceleration Law
