General Information

Fee Waivers

Students who qualify for a free lunch waiver are also eligible for a Summer School fee waiver. Course registration will still take place online but the box must be checked on the registration to indicate that you qualify for the waiver.

Attendance Policy

Because of the compact and accelerated nature of summer school classes, it is vital that students attend every day.

- Only one absence per session is allowed. Any student who is absent twice within a session, regardless of the reason, will forfeit the credit and fees and be dismissed from the class.
- Tardies (10 minutes or less) – 3 tardies will count as ½ day absence
- Late (more than 10 minutes) – will count as ½ day absence

Course Availability

All courses require a sufficient number of student registrants. If there is not sufficient interest in a particular course or a teacher cannot be hired then the course will not be provided during summer school.

Course Enrollment

There will be a cap of 25 students per class (depending on the class) on a first-come-first-served basis. Once a course has reached maximum enrollment a waiting list will then be started. Payment secures your place in a course. Dual Credit courses will have a cap of 18 students.

Refunds

All fees will be refunded if a course is cancelled due to insufficient enrollment or a teacher cannot be hired. One-half the tuition will be refunded if a student cancels before June 1st. There will be no full refunds.

Transportation

Transportation may be requested for students. Please be sure to mark the appropriate box when registering online. Bussing information will be provided prior to the start of summer school. It is critical that students who request bus service be at their bus stop on time for pick-up and ride on a daily basis.
